

TIME TO REGISTER!

The 15th Kuopio Bio-NMR Workshop: Cardiac magnetic resonance imaging and applications

The Bio-NMR Workshop June 18-19, will be the 15th in a series of MRI meetings that are organized by A.I. Virtanen Institute for Molecular Sciences, University of Eastern Finland. This workshop is directed to graduate students, post docs, and more advanced research personnel as well as medical doctors who are interested in applying MRI in their research or work. The workshop will cover topics from basic principles of MRI techniques to applications in studies of cardiovascular diseases. The first day will be dedicated to MRI techniques, and the rest of the days to applications in experimental animal models or in clinical settings. The workshop aims to bring together international renowned faculty of MRI researchers from both experimental and clinical research environments. We are privileged to have the leading scientists from around the world to join us in Kuopio.

Registration

Registration is required for all participants. There is no registration fee. The scientific sessions and coffees will be offered. Participants will pay their lunches during the MRI course. There is a nominal social program fee of 20€, which includes dinner, drinks and sauna on Monday 18th June in Tiukanlinna.

Deadline for registration: May 31, 2012. Register online on course web pages.

Credits

Students can acquire 2.0 study credits for the MRI course. Validation of the course requires attending the lectures and an oral or a poster presentation.

Call for Abstracts

The organizing committee invites abstracts of original contributions. Contributions will be presented as an oral presentation or as a poster. The best contribution(s) will be awarded. All abstracts will be published in the course abstract book. Maximum length of abstract is 250 words. The abstract should contain the title, authors and the text. **Please submit the abstracts as an e-mail attachment to hanne.hakkarainen@uef.fi. Format of attachment must be either word document or text. Deadline for receipt of abstracts is May 23, 2012.** Size of the poster is 120 cm (height) and 90 cm (width).

Venue

The workshop will take place at the University of Eastern Finland, Mediteknia building, Auditorium, street address Yliopistonranta 1 B, Kuopio.

The place of the social program on Monday 18th June is restaurant Tiukanlinna.
